So finally here we are,  
I'm walking on her path.  
Soon my shade will melt with the night,  
setting up my trap.

And like on a spider's web  
you'll get trapped by me!

Oh, no. Please don't be afraid,  
I'll surely take care of you...

We are victims or hunters,  
this is our life (just our life... )  
and with a face like yours,

you are the nicest prize...

Once I asked to myself  
how far I went for his lust,  
but your finest features  
really pay me off.

You've been my challenge,  
but now I will set your free.

We are victims or hunters,  
this is our life (just our life... )  
and with a face like yours,  
you are the nicest prize...
