I went wanderin' way down
Down this road that did not end
When I fell in this well of sin
Then I hollered to the Big Man
The Big Man on high

I said, Big Man, get a hold of me
I said, Big Man, get a hold, get a hold of me
I said, Big Man, get a hold of me
Well, then he reached out and got me
From this well of sin
I said, Big Man, get a hold of me

I was wanderin' alone
When I slipped and fell in
Yes, I fell in this well of sin
Well, then I hollered to the Big Man
The Big Man on high

I said, Big Man, get a hold of me
Yeah I said, Big Man, get a hold of me
I said, Big Man, get a hold of me
Well, then he reached out and got me
From this well of sin
I said, Big Man, get a hold of me

Well, now I'm walkin' on a solid piece of land
When I think I'm fallin'
I holler on the Big Man
Yeah, I holler on the Big Man
Big Man on high

Yeah I say, Big Man, get a hold of me
Well I said, Big Man, get a hold, a hold of me
Say, Big Man, get a hold of me
Well, then he reached out and got me
From this well of sin
I said, Big Man, get a hold of me
Yeah I said, Big Man, get a hold of me, yeah...
