(Eddie Rabbitt - Dick Heard - Van Trevor)

I wake up in the morning and I watch you sleeping there
I whisper that I love you and gently touch your hand
Your eyes begin to open and you realize it's me
Then you get that cold look in your eyes and it makes
me wanta cry
It makes me wanta cry.

You used to be my woman and now you act so strange
Everything I gave you but your love for me has
changed
You know it just ain't natural but you don't want your
man
I don't understand you won't even try and it makes
wanta cry
Woman, it makes me wanta cry.

This room is cold and silent like your forbidding heart
My hand can almost touch you yet we're so far apart
But if that's how I must love you then I'll stay here by
your side
Dreaming of the love the love you deniend but it makes
me wanta cry
Baby, it makes me wanta cry, it makes me wanta cry...
