(Jerry Foster - Bill Rice)

You won't ever see me running around
There's no point in looking for what I've already found
When it comes to loving she's the one
There's nothing worth doing that she ain't already
done.

My good loving woman understands
There's no way of losing a satisfied man.

I wouldn't take chances to try something new
Cause her kind of loving is much too good to lose
I never will leave her loving arms
Her love's like a fever there's no other woman that
warm.

My good loving woman understands
There's no way of losing a satisfied man.

My good loving woman understands
There's no way of losing a satisfied man...
