(Charlie Rich)

I don't know what to say
But I pray that you'll stay with me now
That I need you so
Don't you know I feel so bad for what I've done
I was just a mistake
That I make when I straight fall from you
I want you to know I love you so
And you always will be the one.

Many mistakes have been made before
But darling I would forgive you
I promise I won't fail you anymore
Just tell me what I should do
I don't know what to say
But I pray that you'll stay with me now
That I need you so
Love you so much more than anyone could ever know...
