Sons of abyss! With lust for blood  
We have returned from the black fire  
Sorrow and disease follow us  
Hate brakes out from the destructive abyss

The unrestrained hate brakes to the surface  
AgainÂ...  
We light stake from the holyÂ...holy crucifix

Lord of chaos! By the deformed  
Corpses profane horned blessing  
We ruin the filthy earth with unrestrained  
Destructive desire  
Against the light-praising GodÂ's lambs  
We struggle a bloody triumph  
From the abyss we have returned  
To start this fucking battle

The DeadÂ's God, in hell rebellious  
In chains master of the demons  
Be beside us  
Give bless to the battle to defile  
The name of the virgin whore  
And to spread over us  
The cuntÂ's fluid of the lesbian fuckinÂ' nuns
