Our obscure pagan... pagan past's
In ruins dying bloodfreezing castle
Deathlike silenced land of living deads
An evil empire is shining in the mountains

Transylvania's forest gem
Scene of ancient... ancient rituals

It's glittering so individual
Proud and orphan
Lamenting our pagan victory

Transylvania's forest gem
Scene of ancient... ancient rituals

Our past is already... already in ruins
Hard silence of oblivion has descended on it
In the mist is circling the prayer of the ancestors
The shadows of past are praying in the fog

Transylvania's forest gem
Scene of ancient... ancient rituals
