If I wanted it easy, I'd have been gone by now
If I thought it was simple, I'd have figured it out
The best thing called love takes everything that I've got
I'm sure what it is but I'm sure what it's not
'Cause baby you and I got different ways
Of saying the same thing, oh yeah

This love is hard from start to finish
And if you love you gotta put your whole heart in it
And if it's right, you'll know in a minute, yeah
You're doin' things, you never thought you could
Oh, love is hard but baby, life is good

We can say things that cut to the bone
We want to be together but we want to be alone
Sometimes it seems we're on different tracks
We might walk away but we'll always come back

Baby, you and me got different ways
Of saying the same thing
We both know

Love is hard from start to finish
And if you love, you gotta put your whole heart in it
And if it's right, you'll know in a minute
Doin' things you never thought you could
Oh, love is hard but baby, life is good

Oh, so good

Love is hard from start to finish
And if you love you gotta put your whole heart in it
If it's right you'll know in a minute
You're doin' things you never thought you could
Yeah, love is hard but baby, life is good

Feels so good

Hey, love is hard, life's so good
Love is hard, life's so good
Love is hard, life's so good
Love is hard, life's so good

Love is hard, life's so good
Love is hard, life's so good
