[Chorus] I could see the bright lights and the skylines
Where I use to play, use to say
That I'd have the whole world,
Whole world, whole world in the palm of my hands
Way up here I could prove to you there ain't nothing
that I can't do
Now that I got the whole world,
Whole world, whole world in the palm of my hands.

I got the world in my palm but I ain't Lil Wanye
(Nah) just another hood nigga made it thru the flame
On the search for the top shit all they want is fame
The industry is killing niggaz, Kurt Cobain
I've been rich I've been poor fuck it I never faked it
So tell me what's a dream when you ain't never chase it
Now tell me what's a chance when you ain't never take
it
You going to put me in the game but you ain't never
make it
Yesss we started from the basement
Me and spank, we build a foundation
I'm at the point where life is a vacation
Chillin on the the top floor/ tell her to take that top off.

[Chorus]

One for PAC other one for Aaliyah,
This for Left Eye, I hope I get to meet ya,
I do this for my sisters that's stuck in the struggle,
They back against the wall and nobody loves you,
Don't let him put you down 'cause no one is above you,
The man upstairs HE the only one to judge you,
We all gotta eat so we all gotta hustle,
No matter how big he is don't never let him touch you,
Yesss for all my brothers with a mother
(Who else) and all my brothers with a sister
(Listen up) I'm about to paint a picture,
How would you feel if your pops was to hit her!

[BreakDown]

Tell me how would you feel

(How) tell me how would you feel (how)tell me tell
meeee

[Chorus]

Listen now see I'm destined to be great so I give it
All it takes to make it (to make happen) uhhh /and
It's far beyond the clouds so I'm strongly reaching
Out to take it (I gotta make it happen) And I ain't
Looking back and that's a fact I gotta do his plan it
Feels like I got the whole world in the palm of my
hands.

[Chorus]

We going to make it out, gonna make it out,
I said we gone make it, make it out,
Gonna make it out... Bring back one time.
From way up here I could prove to you there ain't
nothing
That I can't do, now that I got the whole world,
Whole world, whole world in the palm of my hands.
