Fuck them niggas 'cause they bitch made anyway
Can't come in tha hood, I hope he got an A-K
He crossed tha line, nigga dropped a dime
Then he ran to those white folks, sayin' I tried

I Stunna one of a kind you muthafucka
Catch me in tha summer in a rag top Hummer
Nigga pack yo tools, nigga pay yo dues
Been a G about this gangsta shit, it ain't no rules

Nigga cook yo food, hard ki's we move
Then yo get up on tha stand and you cross yo dude
Let them people play you nigga, now it's time to lose
Got some killas in tha pen, wanna give you tha blues

An on tha outside, niggas do what they do
We in tha projects, grindin' wit' that girl or tha poo
Yo whole family ain't safe 'cause I'm killin' 'em too
I put a hit on every nigga that's close to you

Little jive ass nigga, we can never be friends
Oh bitch made nigga, we can never be friends
You a pussy muthafucka, we can never be friends
We can never be friends, we can never be friends

You fuckin' up a nigga work, we can never be friends
You put a hoe before yo homies, we can never be friends
You turnin' state on yo homies, we can never be friends
Nigga, we could never be friends

I was raised around dope and crack fiends, stranglers
and triple beams
You can not imagine all tha shit that a nigga seen
Now I done seen niggas get they head busted for
nothin'
They leave and come back stuntin' like they 'bout it and
wasn't

Better watch them some nigga or stop them some
nigga

This a nigga wit a black hooded and pops them a nigga
The people came thru and they done kicked in my Ma's
do'
They tore up my Ma's house and questioned my folks

My momma stood up and said, "Ain't no Lac here
Get yo dogs, get tha fuck out and don't come back
here"
I'm tired of runnin', I can't turn back, I hear tha sirens
comin'
Now they can give a lovely fuck why I done it

An all they need to prove is that I fired somethin'
Or hit 9 lil' children
My potna got killed and they say I was the gunman
You fuckin' right I know him and fuckin' right I done him

Little jive ass nigga, we can never be friends
Oh bitch made nigga, we can never be friends
You a pussy muthafucka, we can never be freinds
We can never be friends, we can never be friends

You fuckin' up a nigga work, we can never be friends
You put a hoe before yo homies, we can never be
friends
You turnin' state on yo homies, we can never be friends
Nigga, we could never be friends

I was tha first nigga out tha click wit a Cuban connect
An tha first to push a six thru tha Nolia project
I broke bread wit' all my niggas gave 'em tha prices I
get
Turn the projects to condominiums and diamonds to
begets

Was tha first to go to feds, I left my two month old
daughter
Her momma said since I left my friends ain't passed a
quater
When I rolled out same niggas was in my face again
Like, "Stone you out early, man we thought you got ten"

We kicked tha bo bo, swapped lies, given hugs and
dap
But you know hugs ain't love, niggas is checkin' for
straps
Each one of them owein' me a dub, ain't even mention
tha snaps
I knew then it was bad blood, I'm 'bout to twist some
caps

Gun in hand, I'm eatin' grits, I haven't done this in
awhile
I see one in a blue sedan, sharin' kisses and smiles
I creep up on him, popped tha van, ran thru tha crowd
Hit tha corner of Washington then I popped up his
house

Little jive ass nigga, we can never be friends
Oh bitch made nigga, we can never be friends
You a pussy muthafucka, we can never be friends
We can never be friends, we can never be friends

You fuckin' up a nigga work, we can never be friends
You put a hoe before yo homies, we can never be
friends
You turnin' state on yo homies, we can never be friends
Nigga, we could never be friends

I keep a four pound cocked wit hollows in tha chamber
Been a real lil' nigga since a B-G banger
Plus I'm down wit' tha killas no matter red or blue
An too bad, I can't say tha same shit 'bout you

'Cause you's a bitch nigga dawg and square as a preist
An you's a snitch nigga dawg 'cause you told tha police
I hold trial in tha streets and keep it gangsta fa sho'
An tha only niggas run to tha law is a hoe

So you was all about tha rah rah shit back then
But yo money ain't long and you know you can't win
Your boy Mack a shot caller and if you hate me I feel
you
'Cause I got enough bread to pay yo homies to kill you

Yo I can kick back, fuck, and have fun all year
An' you can snitch, watch your back, and you can still
disappear
An' while you P-C up, I stay mashin' for dollas
So when you ready for tha get down, nigga just holla

Little jive ass nigga, we can never be friends
Oh bitch made nigga, we can never be friends
You a pussy muthafucka, we can never be friends
We can never be friends, we can never be friends

You fuckin' up a nigga work, we can never be friends
You put a hoe before yo homies, we can never be
friends
You turnin' state on yo homies, we can never be friends
Nigga, we could never be friends

Little jive ass nigga, we can never be friends
Oh bitch made nigga, we can never be friends
You a pussy muthafucka, we can never be friends
We can never be friends, we can never be friends

You fuckin' up a nigga work, we can never be friends
You put a hoe before yo homies, we can never be
friends
You turnin' state on yo homies, we can never be friends
Nigga, we could never be friends
