He came from somewhere back in her long ago
Sentimental fool don't see
Tryin' hard to recreate what had yet to be created
Once in her life

She musters a smile for his nostalgic tale
Never coming near what he wanted to say
Only to realize
It never really was

She had a place in his life
And he never made her think twice
As he rises to her apology
Anybody else would surely know
He's watching her go

But what a fool believes he sees
No wise man has the power to reason away
What seems to be is always better than nothing
And nothing at all

Keeps sending him somewhere back in her long ago
Where he can still believe there's a place in her life
Someday, somewhere, she will return

She had a place in his life
And he never made her think twice
As he rises to her apology
Anybody else would surely know
He's watching her go

But what a fool believes he sees
No wise man has the power to reason away
What seems to be is always better than nothing
There's nothing at all

Believes he sees
No wise man has the power to reason away
What seems to be is always better than nothing
And nothing at all
