

## Lacrimas Profundere "Burn"

Your tears run deep and they have just to seep through  
my veins

Can we leave?

Your touch, not enough

Your skin just to thin for my bad grin for you

And there is no love between us, not anymore

The final curtain falls

It's no revelation that we have to part

And there is no love between us, no nevermore

And we will close the door

It's no revelation that we fall apart

Your kiss is so cruel

My heart is your fool

And my blood is just red when you are on my lips

And you feel the bad trips that we had there

I shout out
