Come a little bit closer
And hear what I've got to say
Burning words of anger
Of hate and desperation

What if I break the silence?
What if I do forgive the past?
What if I break the silence?
What if I do forgive the past?

I know it might sound funny
To tell you what I felt
I mean, I really loved you
It's a shame, my fault I know

But why? But why?
Why are you so stupid?
But why? But why?
Why are you so stupid?

Fuck you and your killing lies
I hate your pissing attitude
Why did you
Have to go so low?

True love
Copycat

What if I break the silence?
What if I do forgive the past?
What if I break the silence?
What if I do forgive the past?

Sucking like a vampire
The blood of all your friends
But sorry, my blood was poisoned
Now burn in hell

You killed the love
You killed the trust
You killed the love
You killed the trust

You killed the love
You killed the trust
You killed the love
You killed the trust

You killed the love
You killed the trust
You killed the love
You killed the trust

You killed the love
You killed the trust
You killed the love
You killed the trust

Know die
Sucker, sucker die
Sucker, sucker die

What if I break the silence?
What if I do forgive the past?
What if I break the silence?
What if I do forgive the past?
