I'll be there when there's nothing left
And night and day, holding you
Harmony, deep inside your soul
Meet me there

Can you feel me?
(Can you feel me?)
Can you feel me deep inside?

There's no time to deny that I need you
And I'll be there to repair your delightful days
There's no time to deny that I need you
That's why I'll be there to relieve your painful days

Hiding well where the pain is real
Night and day, growing you
In the haze, poison in your veins
Meet me there
Can you feel me?
(Can you feel me?)
Can you feel me deep inside?

There's no time to deny that I need you
And I'll be there to repair your delightful days
There's no time to deny that I need you
That's why I'll be there to relieve your painful days

Deep inside

There's no time to deny that I need you
And I'll be there to repair your delightful days
There's no time to deny that I need you
That's why I'll be there to relieve your painful days
