You stared your lies
Above the sand
You hold my hand
Before the end comes
For kidding me
For what I've done till the end of days

Cause I belong to you
Cause I am part of you
I am dying in your arms
It's time to go
I can make it through

I've come to realise
Tonight my dear the end of time
Is not so far away
We cannot pray to save our lifes

I can feel you and
I think that everything you wanted make
Was the mirror of your dreams
But I couldn't believe what you take

As I belong to you
My flesh and blood in you
I am burning in ths fire
It's time to go
I can make it through

I've come to realise
Tonight my dear the end of time
Is not so far away
We cannot pray to save our lifes
I've come to realise
Tonight my friend the end of time
Is not so far away
We cannot pray to save our lifes

I'm comming home again
And now I know where I belong
Reeling from my instincts
Cause I realise I'm not alone

I've come to realise
Tonight my dear the end of time
Is not so far away
We cannot pray to save our lifes
I've come to realise
Tonight my friend the end of time
Is not so far away
We cannot pray to save our lifes
