It's a fairy tale but the story's out of date
Nothing that I have or try to say
Know that that the road is lonely

I will need some help
Know that this life is crazy
I will need some help

There's a place, far below
The darkness deep within
It's a place I don't belong
Come set me free from this oblivion

On the side of me
On the edge of agony
Nothing left for me that I can fake

You know that the road is lonely
I will need some help
You know that this life is crazy
I will need some help

There's a place, far below
The darkness deep within
It's a place I don't belong
Come set me free from this oblivion

It's a fairy tale but the story's out of date
Nothing that I have or try to say
And I, I keep wondering away
I'm so deep in disarray, I keep wondering

There's a place, far below
The darkness deep within
It's a place I don't belong
Come set me free, set me free

I keep wondering
(Set me free)
I keep wondering
(Set me free)
I keep wondering

(Set me free, come set me free, set me free)

I keep wondering

(Set me free)

I keep wondering

(Set me free)

I keep wondering

(Come set me free from this oblivion)
