While emotions try to come out
Desperately seeking their path
A way so I cannot be outdone
finish this search for the meaning
hide emotions cause a blow out
Desperately seeking their blast
A way so I cannot be outdone
finish this search for the meaning
I'm going to freeze
Is it my imagination ?
It's underground
What I need now
What I need is to live to hide
When you smothered my devotion
With your lies
And I feel now
As I did that time
That I'm wondering why
Still I make you cry
While emotions try to come out
Desperately seeking their path

A way so I cannot be outdone
finish this search for the meaning
hide emotions cause a blow out
Desperately seeking their blast
A way so I cannot be outdone
finish this search for the meaning
Suffering while i'm
depending on seasons
Roots under me are
embracing the earth
What I need now
What I need is to live to hide
When you smothered my devotion
With your lies
And I feel now
As I did that time
That I'm wondering why
Still I make you cry
What I need now
What I need is to live to hide
When you smothered my devotion
With your lies
And I feel now
As I did that time
That I'm wondering why
Still I make you cry
