And it doesn't matter how you feel now,
Anything at all
Seems to be your only way, so vicious
Heavenly apart

When your envy is on a piece of paper
Let me sweetly smile
You're devouring all the crumbs
I'm leaving caught up in your lies

You're on any other side

Clawing up my eyes
I'm feeling your arms around me
On the other side
It's time to go
I'm hearing your voice without words
On the other side

But it doesn't matter how I feel now,
Anything at all
Since I left you with the wrong impression
While I'm still the same

When I turn around and look at my life,
Shadows in disguise

But I'm working on an interruption
Of hypocrisy

You're on any other side

Clawing up my eyes
I'm feeling your arms around me
On the other side
It's time to go
I'm hearing your voice without words
On the other side

Clawing up my eyes
I'm feeling your arms around me
On the other side

It's time to go
I'm hearing your voice without words
On the other side

Any other side
Any other side

Any other side
Any other side

Any other side
(Any other side)
Any other side

Any other side
(Any other side)
Any other side
