Hear what I say
I'm gonna get out of my mind
Where I'm going to be on your way
Your spirit is calling after
Will I disappear?

Everything dies, nothing to worry about
Everything goes on, goes on, goes on

I just don't know why everything has to go away
I just don't know why everything has to fade away
I cannot escape
There's nothing more I can do
I just don't know why do I need you?

See what I see
I'm going to get out of my mind
What am I going to- (no more, no more)
I'm ready to go serene to find
There's nothing to hold to reach you

Everything dies, nothing to worry about

Everything goes on, goes on, goes on

I just don't know why everything has to go away
I just don't know why everything has to fade away
I cannot escape
There's nothing more I can do
I just don't know why do I need you?

I just don't know why everything has to go away
I just don't know why everything has to fade away
I cannot escape
There's nothing more I can do
I just don't know why do I need you?

I just don't know why everything has to go away
I just don't know why everything has to fade away
I cannot escape
There's nothing more I can do
I just don't know why do I need you?
