Something about you that makes me feel bad
I wasn't there when a thin line destroyed your soul

I search every corner
There's nowhere to hide
How I feel ignorance
Sacrifice some days it's harder
Let's face it, it's all about me
(Deeply into your own)

Deep within me
Life's crawling and wasting my days
Another night gone and I know there will be another
way
(Deep within me)
I'm leading myself to be free
In this eternal goodbye

Something about you will make me stronger
Now I'm aware when a man falls rebound, my fault

I search every corner
Just nowhere to hide
How I feel ignorance
Sacrifice some days it's harder
Let's face it, it's all about me
(Deeply into your own)

Deep within me

Life's crawling and wasting my days
Another night gone and I know there will be another
way
(Deep within me)
I'm leading myself to be free
In this eternal goodbye, goodbye

Here I wanna be
Here I wanna be
No more lies!
Here I wanna be

Here I wanna be
Here I wanna be
No more lies!
Here I wanna be...

Deep within me
Life's crawling and wasting my days
Another night gone and I know there will be another
way
(Deep within me)
I'm leading myself to be free
In this eternal goodbye, goodbye

Deep within me
Life's crawling and wasting my days
Another night gone and I know there will be another
way
(Deep within me)
I'm leading myself to be free
In this eternal goodbye
