Oh, my baby forgot  
that the rocks can also  
sing a song of love  
Oh, somebody told me  
that she was sleeping  
with a tricky guy

Chorus:  
Hey baby change your manners  
and go by the way of the sun  
Can't you see that this kind of sex  
is gonna let you down? let you down

Oh, take is so easy when I tell you  
not to run away  
Babe try to understand  
and don't turn your face to reality

(Chorus)

Oh my baby forgot  
that the rocks can also  
sing a song of love  
sing a song of love  
sing a song of love.
