Uh, I can't believe I trusted your intentions
'Cause I know that love don't come with guarantees
Spin the wheel, take a chance, risk your heart on true
romance
So love you really brought me to my knees

But it's foolish to hold on to expectations
When you know that nothing's ever gonna change
Get yourself out on the line, love will fool you every
time
Oh, reckless heart I swear you love the pain

Uh, I made a big mistake
How long will it take to get over you, over you?
Yeah, I went too far this time, never should've called
you now
How long will it take to get over you, over you, over
you, over you?

But I've never been the kind that give up ease
In matters of the heart that's just not wise
It's when love is through with you there ain't nothing
you can do
But take the pages one day at a time

Uh, I made a big mistake
How long will it take to get over you, over you?
Well, I went too far this time, crossed some kind of
border mind now
How long will it take to get over you, over you, over
you, over you?

Well, I made a big mistake
How long will it take to get over you, over you?
Yeah, I went too far this time, never should've called
you now
How long will it take to get over you, over you, over
you, over you?
