### Verse 1

Skinny dippin' in the Pedernales River  
Country girl sure could make me shiver  
Right now that's just what I could use  
To wash away these big city blues

### Verse 2

Hollywood stars beneath my feet  
Everywhere I look I see concrete  
I could use a little Southern rain  
Blanco County calls my name

### Chorus

Goddamn these big city blues  
I got them big city blues

Someone done went and stole my favorite pair of boots  
Goddamn these big city blues

### Verse 3

Daddy was a no count bull ridin' son of a b\*\*\*h  
That's what my momma said  
She cursed the day they ever met  
She's the cutest small-town thing that he'd seen in the  
World  
'Cept daddy loved big city girls

### Chorus

Repeat Verse 1
