Will you be here?  
From dollars to dimes  
Ooh, oh  
Aw yeah, are you gonna be here?  
Said I wanna know right now  
Right now  
Hey, hey

### 1ST VERSE:

I often sit and wonder how you've been  
Haven't heard from ya in a  
while  
For me life is changing quite fast  
Sure would be nice to see your smile  
But the truth is I'm so alone  
What was up, now it's down and  
it's cold  
It's been hard to admit I'm in  
need  
But here it is right now  
I need to know

### HOOK:

Are you or are you not my friend?  
Are you gonna be, be right here when I'm  
crying?  
From dollars to dimes, will you be by my side through  
crazy times?  
Am I or am I not your fool?  
The rain'll come  
When I fall, can I trust you?  
From dollars to dimes  
Will you be here?

### 2ND VERSE:

Your words are of a visionary  
They always sound so sweet  
But I was taught to watch a person's actions  
Cause still waters, they run deep  
We strive so hard for the best in life  
That we forget one another  
What will it profit a man to lose his soul and gain the

whole world without each other?

HOOK (2X):

Tell me will you be here with me?

BRIDGE:

Will you believe in me?

With your love, I can fly through these times

When everything goes wrong in my life

Can I cry (on your shoulder)?

When I'm so broken down all I can do is  
pray

That is when I need you here

Don't get too comfortable, cause this life  
will change

And when it does

Do I have you?

Oh yeah, yeah, yeah

HOOK:

If the lights got turned off

And there ain't no more money (would you  
be there?)

If I had no car, no job, nowhere to go, would you be  
there?
