You and me, we can be  
The honey and the bee  
Come to me, play with me  
And be my fantasy  
In the pouring rain  
Come on and set me free  
'Cause we are the same  
Tonight it's for real  
Dam dam dam do di do di dam dam  
You are dangerous to me  
Dam dam dam do di do di dam dam  
Yeah yeah yeah  
Ooh let me drown in you, just fall into  
A deeper shade of blue  
You make me feel so good, I knew you would  
You know just what you've got to do  
Now it feels as if you're taking over me  
So can't you see  
That you're dangerous to me  
Dam dam dam do di do di dam dam  
You are dangerous to me  
Dam dam dam do di do di dam dam  
Yeah yeah yeah
