Well this heart of mine
Has been hardened like a stone
It might take some time
To get back what is gone
But I'm movin' on
And you don't haunt my dreams
Like you did before
When I would curse your name

Hey

Well I heard the news
That you were back in town
Just passin' through
To claim your lost and found

But I'm over you
And there ain't nothin' that
You could say or do
To take what you did back

Well you got nerve to waltz right in
And think what's mine is yours again

Well I've been doin' fine without you
Forgettin' all the love we once knew
And girl I ain't the one who slammed that door
But now you say you've changed your thinkin'
But I ain't got a heart for breakin'
So go and pick your bags up off my floor
Cuz love don't live here anymore

Oh no

Well baby you can try
To tell me how it is
And try to justify
Everything you did

But honey I'm no fool
And I've been down this road

Too many times with you
I think it's best you go

Well I got one thing left to say
Is you can lay in the bed you've made

Well I've been doin' fine without you
Forgettin' all the love we once knew
And girl I ain't the one who slammed that door
But now you say you've changed your thinkin'
But I ain't got a heart for breakin'
So go and pick your bags up off my floor
Cuz love don't live here anymore

Oh no

Sugar no

And you don't live here anymore

Love don't live here anymore
Since you walked out of my door
Love don't live here
Love don't live here girl

Oh love don't live here anymore
