At first I wondered why  
They only speak to each other  
It took me some time to understand  
That they cannot see  
Or hear any of the crowd

After observing their childlike  
Behavior, I understood  
They were two little children stuck  
In the bodies of grown-ups

To the girl I said  
"You are lady"  
To the boy I said  
"You are a bird but you cannot fly"

They knew about the presence of other people  
They knew about the sun  
And at some point right before the break of the day  
They could see me  
Not knowing that I come from the outside

On the seventh day  
She looked up at me and said  
"I am lady"  
And the boy said  
"I am bird but I cannot fly"

Cannot fly  
Cannot fly  
Cannot fly

You are a bird
