At first I wondered why
They only speak to each other
It took me some time to understand
That they cannot see
Or hear any of the crowd

After observing their childlike
Behavior, I understood
They were two little children stuck
In the bodies of grown-ups

To the girl I said
"You are lady"
To the boy I said
"You are a bird but you cannot fly"

They knew about the presence of other people
They knew about the sun
And at some point right before the break of the day
They could see me
Not knowing that I come from the outside

On the seventh day
She looked up at me and said
"I am lady"
And the boy said
"I am bird but I cannot fly"

Cannot fly
Cannot fly
Cannot fly

You are a bird
