Boy it's been all this time
And I can't get you off my mind
And nobody knows it but me

I stare at your photograph
Still sleep in the shirt you left
And nobody knows it but me

[Bridge]
Everyday I wipe my tears away
So many nights I've prayed for you to say...

[Chorus]
I should've been chasing you
I should've been trying to prove
That you were all that mattered to me
I should've said all the things
That I kept inside of me
Then maybe I could've made you believe
That what we had was all we'd ever need

My friends think I'm moving on
But the truth is I'm not that strong
And nobody knows it but me

I've kept all the words you've said
In a box underneath my bed
And nobody knows it but me

[Bridge]
But if you're happy I'll get through somehow
But the truth is I've been screaming out...

[Chorus]
I should've been chasing you
I should've been trying to prove
That you were all that mattered to me
I should've said all the things
That I kept inside of me
Then maybe I could've made you believe
That what we had was all we'd ever need

It was all we'd ever need
Ohh
I thought it was all we'd ever need

[Chorus]
I should've been chasing you
You should've been trying to prove
That you were all that mattered to me

Ohh
You should've said all the things
That I kept inside of me
And maybe you could've made me believe
That what we had girl
Ohh that what we had
What we had
It was all we'd ever need
It was all we'd ever need
