Hey, what you drinkin' baby?

Girl you're beautiful, you're 'bout near perfect
But I bet somebody's already told you that
Name your poison, name your passion
'Cause a boy like me just couldn't help but ask

Keep on talking to me baby
I'm hanging on your every word
Keep those drinks a coming maybe
We'll both get what we deserve

How 'bout baby we make a promise
To not promise anything more than one night
Complicated situations only get worse in the mornin'
light
Hey, I'm just lookin' for a good time

Put in a long hard week doing this 9 to 5
And you're just the girl to get that off my mind
You shouldn't have worn that dress, you shouldn't
dance like that

You got this little heart of mine in overdrive

I sure love this conversation
The band is good, the music's loud
But would you get the wrong impression
If I called us a cab right now, oh yeah

How 'bout baby we make a promise
To not promise anything more than one night
Complicated situations only get worse in the mornin'
light
Hey, I'm just lookin' for a good time

Go ahead and lie to me and pull me close
Tell me that you love me even if you don't
The rule is don't you ever even talk about forever
But you never say never in life

How 'bout baby we make a promise

Not promise anything more than one night
Complicated situations only get worse in the mornin'
light
Hey, I'm just lookin? for a good time
Hey, I'm just lookin? for a good time
