Ooh, baby, baby  
Something's just a little bit different in your eyes  
tonight  
They look twice as bright

Ooh, baby, baby  
Something's changed that I can't quite put my finger  
on  
Well, I've been rackin' my brain, wait just a minute  
Hold on now, well I get it

Love, love, love's lookin' good, good, good on you  
Well, can you feel it, oh, everybody sees it?  
How your sweet smile has a way of lighting up a room

Yeah, you shine like diamonds in everything you do  
(You shine like diamonds do)  
Oh love, love, love's lookin' good, good, good on you

Ooh, baby, baby  
Isn't it funny how we don't need any money  
Just a little luck to look like a million bucks

Ooh, baby, baby  
It kind of makes you think  
That the stars were in sync on the night we met  
There ought to be a red carpet everywhere you go  
Roll it on out, hey, don't you know that

Love, love, love's lookin' good, good, good on you  
Well, can you feel it, oh, everybody sees it?  
How your sweet smile has a way of lighting up a room

Yeah, you shine like diamonds in everything you do  
(You shine like diamonds do)  
Oh love, love, love's lookin' good, good, good on you

I knew right away from the very first kiss  
That it doesn't get much better than this  
We fit just like a favorite pair of jeans

We just keep coming back for more

Like two kids in a candy store  
Now I know what everybody means when they say

Love, love, love's lookin' good, good, good on you  
Can you feel it, oh, everybody sees it?  
How your sweet smile has a way of lighting up a room

Yeah, you shine like diamonds in everything you do  
(You shine like diamonds do)  
Oh love, love, love's lookin' good, good, good on you

Well, I'm telling you mighty, mighty good babe  
Love, love, love's lookin' good, good, good on you  
Love's lookin' good on you, oh  
Love, love, love's lookin' good, good, good on you
