Ooh, baby, baby  
Something's just a little bit different in your eyes  
tonight  
They look twice as bright  
Ooh, baby, baby  
Something's changed that I can't quite put my finger  
on  
Well I've been rackin' my brain  
Wait just a minute  
Hold on, now  
Well I get it

[Chorus]

Love, love, love's lookin' good, good, good on you  
Well can you feel it, oh everybody sees it  
How your sweet smile has a way of lighting up a room  
Yeah you shine like diamonds in everything you do  
Oh love, love, love's lookin' good, good, good on you

Ooh, baby, baby  
Isn't it funny how we don't need any money

Just a little luck  
To look like a million bucks  
Ooh, baby, baby  
It kind of makes you think  
That the stars were in sync on the night we met  
There oughtta be a red carpet  
Everywhere you go  
Roll it on out  
Hey don't you know that

[Repeat Chorus]

I knew right away from the very first kiss  
That it doesn't get much better than this  
We fit just like a favorite pair of jeans  
We just keep coming back for more  
Like two kids in a candy store  
Now I know what everybody means  
When they say

[Repeat Chorus]
