Well, there's somethin' 'bout a woman with my t-shirt
on
Hair in her eyes and no makeup on
Standin' there smilin' with my coffee cup
Yeah, there's somethin' 'bout a woman that's easy to
love

Yeah, there's somethin' 'bout a woman that's a clear
blue sky
Ain't find nothin' better that'll get you high
You're all the colors of the sun at the end of the day
Yeah, there's somethin' 'bout a woman that you'll feel
that way

She's like fire on the mountain
Like some kinda heaven that's pourin' down on me
She's a child, she's a lady
She's got everythin' that I could ever need
Yeah, there's somethin' 'bout a woman and me

Yeah, there's somethin' 'bout a woman when she gets
dressed up
Slips her red dress on and her eyes light up
I love to watch her walkin' from across the room
Yeah, there's somethin' 'bout a woman and the way she
moves me
She moves me, oh, she moves me

She's like fire on a mountain
Like some kinda heaven that's pourin' down on me
She's a child, she's a lady
She's got everythin' that I could ever need
Yeah, there's somethin' 'bout a woman and me

She moves me, she moves me, oh, she moves me

She's like fire on a mountain
Like some kinda heaven that's pourin' down on me
She's a child, she's a lady
She's got everythin' that I could ever need
Yeah, there's somethin' 'bout a woman and me

Yeah, there's somethin' 'bout a woman that makes me
still
There's somethin' 'bout a woman that always will
