### "Blueberry Kisses"

Blueberry kisses, my lips they miss his, oh yeah  
Where did you go now? Where did you go?  
Blueberry kisses

I told you baby, I'd love you maybe  
But you stopped the clock the second time around

I need you around (blueberry kisses)  
I need you around (blueberry kisses)  
I need you around (blueberry kisses)

Blueberry kisses, the muffin man  
He misses them kisses, yeah  
Where did they go now? Where did you go?  
Blueberry kisses

I told you baby, I'd l-o-v-e you maybe,  
But you stopped the clock the second time around

You know it's crazy, but I've been feeling lately  
That I need you around

I need you around (blueberry kisses)  
I need you around (blueberry kisses)  
I need you around (blueberry kisses)
