You're so hypnotising  
could u be the devil, could you be an angel  
your touch magnetizing  
feels like going floating, leave my body glowing

They say be afraid  
you're not like the others, futuristic lovers  
different DNA, they dont understand u

You're from a whole other/another world  
a different dimension  
you open my eyes  
and im ready to go, lead me into the light

Kiss me, k-k-kiss me  
infect me with your love, and fill me with your poison  
take me, t-t-take me  
wanna be your victim, ready for abduction  
boy, you're an alien, your touch so far away  
its supernatural, extraterrestrial

You're so super sonic  
wanna feel your powers, stumb me with your lasers  
your kiss is cosmic, every move is magic

You're from a whole other/another world

a different dimension  
you open my eyes  
and im ready to go, lead me into the light

Kiss me, k-k-kiss me  
infect me with your love, and fill me with your poison  
take me, t-t-take me  
wanna be your victim, ready for abduction  
boy, you're an alien, your touch so far away  
its supernatural, extraterrestrial

There is this transcendental, on another level  
boy, you're my lucky star  
i wanna walk on your wave length  
and be there when you vibrate  
for you i risk it all  
all

Kiss me, k-k-kiss me  
infect me with your love, and fill me with your poison  
take me, t-t-take me  
wanna be your victim, ready for abduction  
boy, you're an alien, your touch so far away  
its supernatural, extraterrestrial

Extraterrestrial

Extraterrestrial

Boy, you're an alien, your touch so far away  
its supernatural, extraterrestrial
