Making love in an ice cold room  
We start 'til the candle burns - gone  
Kissing each other 'til the moon says bye-bye  
And the sun says hello

Lying here with no blanket  
The room's temperature is sub-zero  
Baby bring your body closer  
'Cause you keep me warm when you're naked

Let's feed on love until we get freezer burn (freezer  
burn, freezer burn)  
Making out in this ice box 'til we get freezer burn  
(freezer burn, freezer burn)  
Let's keep on, (keep) on freezin'  
Hold me tight, oh I'm not leavin'  
Let's keep on loving 'til we get freezer burn (freezer  
burn, freezer burn)

Sweat drippin' up our bodies, breathin' small  
While you're whispering to me  
Ice crystal in this small, small bed  
But we make frost when we're touching like that.

Laying here with no blanket  
The room's temperature is sub-zero  
Baby bring your body closer  
'Cause you keep me warm when you're naked

Let's feed on love until we get freezer burn (freezer  
burn, freezer burn)  
Making out in this ice box 'til we get freezer burn  
(freezer burn, freezer burn)  
Let's keep on, keep on freezin'  
Hold me tight, oh I'm not leavin'  
Let's keep on loving 'til we get freezer burn (freezer  
burn, freezer burn)

Snowflakes at the tip of my fingers.  
Frozen in time, our love lingers  
Livin' in a world so cold,

Sometimes our hearts are just like icicles

Being with you is all I need  
There's nothing we can't handle babe  
Lay on my chest, please cover me  
Deep frost, on this bed memories

Let's feed on love until we get freezer burn (freezer  
burn, freezer burn)  
Making out in this ice box 'til we get freezer burn  
(freezer burn, freezer burn)  
Let's keep on, keep on freezin'  
Hold me tight, oh I'm not leavin'  
Let's keep on loving 'til we get freezer burn (freezer  
burn, freezer burn)

Let's feed on love until we get freezer burn (freezer  
burn, freezer burn)  
Making out in this ice box 'til we get freezer burn  
(freezer burn, freezer burn)  
Let's keep on, keep on freezin'  
Hold me tight, oh I'm not leavin'  
Let's keep on loving 'til we get freezer burn (freezer  
burn, freezer burn)
