Now for the second time in my destiny,  
I find something so real, so pure, Unicorn love within,  
And I think you wanna keep the sparkle hiding  
Forever in your soul! Haa-Ho-o.

And I think, if only,  
I could preserve me,  
My soul so pure, so real, true beauty,  
Then I would have wasted all the stars in the sky to win  
this pride!

But now that I've found my Haa-Ho-o I'll just Scream  
Loud and leak my tears, cuz!  
Everyday that I'm with you, I'll wear your favor-ite  
perfume. And on the days I am without, I'll wear only  
my tears, and pout. Having you on me all night and  
day; Makes me wanna hush and pray to never lose  
you..but it hurts; it hurts; Oh, baby hear me out; it hurts  
it hurts.
