Oh oh oh yeah
Oh whoa oh oh oh oh yeah
Killer, killer, killer, killer, killer

Singing, dancing, that's what I need to do
I know the club where I can get away from you
Listening to the music makes me feel like I'm high
Losing you will make me touch the sky

Baby baby baby
I'm not your lady lady lady
It makes me crazy crazy crazy
But now it's over, hear the floor

There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on
There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on
There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
(Killer killer killer killer killer)
(Killer killer killer killer killer)

Stay away from me
I don't want you close to me
Stop taking all my energy
All I want is getting free

Baby baby baby
I'm not your lady lady lady
It makes me crazy crazy crazy
But now it's over, hear the floor

There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on
There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on

There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
(Killer killer killer killer killer)
(Killer killer killer killer killer)

(RAP)

Fresh, so clean, something y'all never seen
Plus the time's so good looking mean in those jeans
And I'm good with the flow, I'll slip by you on the mic
I'm all so tight with my swagger all fly
I told 'em I'll be back when I made it back
Drunk from the stacks with the paint all black
Kicks on my flips, all chrome, silver all low
Riding through the avenue, I gotta let 'em know

So hang the stereo, you got it rolling
On the street with the X5
You know I didn't hear you(...)

There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on
There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
There's a killer working on the dancefloor
Yeah he's gonna get you if you just move on
There's a killer waiting on the dancefloor
Yeah he's gonna catch you, just leave me alone
(Whoa oh oh oh oh oh hey-e hey-eh)
