It's over  
It's over  
You're like the definition of negative  
Always complainin, you're such a pestimist  
Your cup is half empty  
I'm just so sick of it  
I got a different perspective

My cup is half full  
My sky is never gray  
You can't bring me down anymore baby  
My future is bright  
Can't wait to face the day  
There's one thing you should know about me

I'm an optimist  
I'm so positive  
That you'll never get another chance with me baby  
I'm an optimist  
I'm so positive  
That your chance's blown, boy you're gone spread your  
negativity  
(I'm an optimist, opp-pot-timist-opp-pot-timist)

You're such a downer  
You're never satisfied  
I can believe there's always a silver line  
On the horizon, so boy don't even try  
Injectin me with your negative vibes

My cup is half full  
My sky is never gray  
You can't bring me down anymore baby  
My future is bright  
Can't wait to face the day  
There's one thing you should know about me

I'm an optimist  
I'm so positive  
That you'll never get another chance with me baby  
I'm an optimist  
I'm so positive

That your chance's blown, boy you're gone spread your  
negativity  
I'm an optimist  
I'm spontaneous  
I need fun and excitement, ready set  
Here I come  
Take the world by storm  
Grab life by the horns  
And I still am young  
And if you wanna act old  
If you wanna be cold  
I guess but baby you should kn-o-w-o-w-o-w-o-w

I'm an optimist  
I'm so positive  
That you'll never get another chance with me baby  
I'm an optimist  
I'm so positive  
That your chances blown, boy you're gone spread your  
negativity  
(I'm an optimist, opp-pot-timist-opp-pot-timist)
