Wait, I think it's time  
Your fire's lit and so is mine  
Go turn out the light  
Don't be afraid, tonight's the night

And I won't, I won't try to change you  
But I will, I will if I want to  
Yeah, it always brings me down  
When you're not around  
I still need you

Oh, You do something for me baby  
I cannot control it, baby  
You do something for me  
Oh, You do something crazy to me  
I cannot control it, baby  
You do something for me

And I feel so down  
When you're not around

Boy, we're almost there  
I'll lay your clothes over my chair  
Pull the shades down low  
We're both ready so lose control

And I won't, I won't try to tame you  
But I will, I will if you want to  
Yeah it always brings me down

When you're not around  
I still need you

Oh, You do something for me baby  
I cannot control it, baby  
You do something for me  
Oh, You do something crazy to me  
I cannot control it, baby  
You do something for me

And I feel so down  
When you're not around

And I won't, I won't try to tame you  
But I will, I will if you want to  
Yeah it always brings me down  
When you're not around  
I still need you

Oh, You do something for me baby  
I cannot control it lately  
You do something for me  
Oh, You do something for me baby  
I cannot control it lately  
You do something for me

Oh, You do something crazy to me  
I cannot control it, baby  
La la la la la la la la  
You always bring me down
