I got my shadow tonight
Is like a horse
An unicorn is dirtying the hope horn (2x)

He's begging me to come with him
I don't know why
When i'm with this i feel free
Like a monster that could fly

Through the skies i come in
Through the skies i feel free (baby)
Like an unicorn can blow my horn (2x)

I'm not sure
Will he take my head?
I'm not sure
Will he take my brain?
I'm not sure to give my to another body
Well, he's innocent i can't blame

Unicorn

Unicorn
Innocent
In the dark
Unicorn
Unicorn
Be afraid of the souls
Be far

I'm not sure
Will he take my head?
I'm not sure
Will he take my brain?
I'm not sure to give my to another body
Well, he's innocent i can't blame

I got my shadow tonight
Is like a horse
An unicorn is dirtying the hope horn (2x)
