I won't break down today
Another brick's in my way of shadows
The promises they made
Regret themselves and say this is too hard

Yeah they say you grow when you don't succeed
But it's hard to breathe when no one believes in me

So let the sound bring me back
Sounds have no regrets
And before you know it

I'll take your words and be gone
Your words and be gone
Your words and be gone

Right to the stars and beyond
Your words and be gone
I'll take your words and be gone

Whenever you're afraid
Or someone's far away, never give in
'Cuz happily, we'll reign
When consequences change, believe you can win

Yeah they say you grow when you don't succeed
But it's hard to breathe when no one believes in me

So let the sound bring me back

Sounds have no regrets
And before you know it

I'll take your words and be gone
Your words and be gone
I'll take your words and be gone

Right to the stars and be gone
Your words and be gone
I'll take your words and be gone

Let the sound bring me back

Sounds have no regrets
And before you know it

I'll take your words and be gone
Your words and be gone
Your words and be gone

Right to the stars and be gone
Your words and be gone
I'll take your words and be gone

Your words and be gone
Your words and be gone
I'll take your words and be gone
