Please baby forest all your emotions every minute of
your life
And if I sing it like a song well maybe
It's cause I'm singing it to you for the last time
reminding you.

You're ready to grow and that's all you have to say
Even if taking notes is harder than faith.
We're hungry for the last time, its time to feed your
children
belief that there is hope.

And this body is sailing away from.
My being awake, and if you doubt me skeleton twin
meets me on the other side on the other side.

You're ready to grow and that's all you have to say

Even if taking notes is harder than faith.
You're hungry for the last time, its time to feed your
children
belief that there is hope.

Insert the words I got the feeling of life
Like I said in the worst of many to come forget this
pain.
It's okay I got the medicine for the sake of my kids.
Lets just say it's for real.

I thought you where ready to go
We're ready.
For the last time.

And if you doubt me skeleton twin meets me on the
other side on the other side of the mirror do you see
me?
