This love, is crazy
So u better not playing with me (ahaaaa)
My love is crazy,
my love is sick,
when u tell me you love me, you better not tell another
chic
My love is crazy,
my love is sick,
when I say I love you baby you better not see other
chics,

I am the type of woman who would love my man
unconditionally,
I would love you tell you beg me to stop because you
just can't take no more,
I would love you tell you haft to ron to the other room to
sleep and nad because my love is toomuch for you,
and when I love you, you better not be taking me for a
fool because if you do baby somebody is gonna get
hurt up in here
you see there is a thin line inbetween love and hate an
you don't wanna know what it's in between those lines.
ha!!

My love is crazy, (aha)
my love is sick, (hmm)
when u tell me you love me, you better not tell other
chics (let me tell you something)
My love is crazy, (aha)
my love is sick, (so true)
when I say I love you baby you better not see other
chics,

When you tell me you love me and I say I love u, there
are rules to abide by,
so don't be brinning other women up in my house when
I'm at work,
don't be taking showers before you come from work,

tell your chics not to call my phone, text my phone and
talk foolishness to me,
'cause if they do, I'll get so psyco up in here you wont

believe I'm the same woman you been sleeping with
I can get things cranky up in here so bad you will think
that I'm a crack head,

My love is crazy, (it is)
my love is sick, (for sure)
when u tell me you love me, you better not be telling
other chics
My love is crazy, (aha)
my love is sick, (hmm)
when I say I love you baby, you better not see other
chics

You men, you don't understand us women
you think we just getup and saw AND get crazy all by
our selves
but what you don't know is you're the reason why there
are so many crazy women in this world,
for instans you say you love me and you gonna tell 10
other women you love them
now baby why I'm saying these things is because I
forward all your calls to my phone 'cause I'm crazy
so I know when Tanisha and you went to the same
restaurant that you took me and I keep your car that
night,
you thought it was someone keep your car by mistake,
it was me, I went back to bed and I pretend as if I was
there
sleeping I wasn't gone, cause I'm crazy
The other chic that you pic the other day and you asked
her for her address, I got her too 'cause as I say I got
all your information from your phone that's forward to
mine, so when you ready to go see her back you tell me
so I could sili slap you and her

My love is crazy,
my love is sick,
when u tell me you love me, you better not telling other
chics
My love is crazy,
my love is sick,
when I say I love you baby you better not see other
chics
