Yo, yeah, ok then,
Yo well there's all this goverment talk about this and
that,
Well I'm showing up middle finger n that is that,
All this crap, that your letting off in public,
Your like a cigarette mate and I'm gonna stub you,
I'm letting off ma shit and I aint gonna regret this, coz
I'm the badest gal around,
And everyone likes ma opinions and my sound,
I got a fag in ma hand right now,
Ma feet are on the ground n I'm about to go off the rail,
I aint like a snail because I aint slow, I got tempos n I
got addidas shoes on my toes,
Yo you know about me, it's tht lady S.O.V aka;
Sovereign,
Why you bothering to test me?
Over the mic my mouth is hoverin', slavia is sloberin'.
Yeah I'm in the studio right now, n I'm freestyling,
So I'm throwing the towel, n I'm about to pass out in a
second,
It's me and my voice is my weapon,
Chi-ching everybody knows me it's that midgit,

Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,

I like what I say & I say what I like,
I remember when U had Matchstick n everyone had
Nike.
On there feet I was the descrete one, I was the one who
didn't get treats,
I was the one who took beats, n,
You no what, no I didn't.
Fuck that I lashed out on the regular,
Showed them my hand on the regular,
I'm sounding like Tinchy Strider right now,
Don't give a fuck I'm one big cow,
I'm a Bitch.
Certain people don't like,

Anyways lets commence, never come in the game to
make less then 50 pence,
Lets start a poll an see whos the best,
I make the pope quit with a bruise in his chest,
Woops sorry!
I didn't mean to say that.

Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,
Drunk on radiation, Mental dehydration, yeah,

Big midgit,
Who knows that big midgit?
Who knows that big midgit?
Who knows that big midgit?
Yeah!
