(Lady Saw on the phone)

girl when you call my phone just say what's on your mind, ok?

don't call and hang up, i'm not into that ..

you want me to tell you sumthin? lemme tell you sumthin ..

your man, he told me that he's tired of the s\*\*t you got

he took one hit and said my good s\*\*t keeps him comin back

he likes it tight and said your s\*\*t is just a little slack

girls dont get mad at me, i'm only telling you the fact

(chorus)

i got your man and you can't do anything about it

you may think he is comin' back to you but.. i doubt it

don't make no sense, you even call ur man, try to work out it

'cause i got your man and you can't do anything about it

he told me you don't give him room nor give him breathing space

and when he's out with friends you call and get up on his case

he wants a girl that's down and cool, not all up in his face

that's why i'm here with him cause i'm about to take

your place

(chorus)

i got your man and you can't do anything about it

you may think he is comin' back to you but.. i doubt it

don't make no sense, you even call your man, try to  
work out it

cause' i got your man and you can't do anythin' about it

(reggae)

this is a lesson and a lesson you will learn

take care of your man or else you lose your turn

respect your man and then your respect return

this a little sign, you might go get burned

notice when he don't come home on time

?

?

you might have an extra lover in mind, but ..

(chorus)

i got your man and you cant do anything about it

you may think he is comin' back to you but, i doubt it

don't make no sense, you even call your man, try to  
work out it

cause' i got your man and you can't do anythin' about it

your man, he told me that he's tired of the s\*\*t you got

he took one hit and said my good s\*\*t keeps him comin  
back

he likes it tight and said, ur s\*\*t is just a lil slack

girls dont get mad at me, im only telling you the facts

(chorus) 2x

i got your man and you can't do anything about it

you may think he is comin' back to you but, i doubt it

don't make no sense, you even call ur man, try to work  
out it

'cause i got your man and you can't do anythin' about it
