Pebble by pebble, sand grain by sand grain  
Shore turns to sea, shore turns to ocean  
Serpent creates the high tides  
to assure all good is floating  
Good and righteousness is not intellectual  
and the fabric that's good cannot be proven  
and so that fabric is washed away  
far from the shore from which it was woven  
The shore is a place where persons live  
Sowing fabrics that's a tangent of the real one  
not wearable to most of the persons on shore  
In fact, it's only wearable to the person of one  
one person under an oath  
An oath to a serpent, an evil snake  
in search for being as powerful as God  
and all God's good he'll try to take

[CHORUS:]

[He'll try to take] (2x)

[Good being washed away]

[Love being washed away]

Most of the persons follow the serpent  
coz the serpent preaches "all for self"  
But why follow someone in search of something  
when you'll get nothing. Serpent's all for self  
Some are dumb, some know no better  
Some believe there is no Lord  
The serpent uses this knowledge to help him  
and wash away more of the shore  
Serpent knows once shores are gone  
there's nothing left but ocean and sea  
A few persons trying to save the shore  
Some of those persons are A.D.  
Saving the shores means saving the faith  
The faith that there is a mighty someone  
Someone much more mighty that created everyone  
Up the ocean without a paddle  
is the fabric of God, the righteous clothing  
And you wear non-righteous clothes of the serpent  
Naively we keep on serving

[CHORUS:]

[The ocean's owned by the serpent] (4x)

[We can stop being washed away] (6x)

Why we let them wash it away ?  
Why are we allowing them to take what's good ?  
why don't we teach our children what's good ?  
Why don't we collect and save what is real ?  
Look very hard and swim the ocean  
We must find what needs to be found  
Look all around and find a wise man  
to feed us the truth and keep us sound  
All of us must swim the seas  
coz our path's been washed away  
All of us must swim the seas  
coz our path's been washed away

My only purpose is to swim the seas  
Find the truth and spread it around  
Give it to the children that know how to listen  
so they can pass it after I drown

[We can stop being washed away] (6x)

[Sand grain by sand grain, pebble by pebble]  
[we can stop this, we can stop]  
[Can you help us ?]  
[Will you help us ?]  
[Please]  
[Help us stop being washed away]  
[All of us must swim the sea]  
[All of us]  
[Hey !]  
[Can you help us ? Will you help us ?]  
[Oooh please help us]
