For a second I'll be the fashion police  
And I'm just looking at your Garm's  
You been on too many catalog sprees

With your Grannyfied curtain designs  
You're hurting my eyes  
You really should revise your dress sense  
Before you walk on by

I'm kinda mixed up in this disco inferno  
Baggy jeans and a tight top, lemonade and Pernod  
I'm sticking out like a sore thumb  
I ain't concerned though, no, boogie

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

So I was up in this trendy bar mingling  
My keys around my neck were jingling  
And you was looking at me like it was my bling

You was staring at me like to say I was ginger  
I was dishing out the same dirty looks  
Trust me, you're the minger

Err, who's she, who's that, who's here?  
The bouncer was approaching me  
'Cause I was dressed really inappropriately  
No hoods, no hats, no this, no that let's roll

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Right everybody  
If you've got someone who can't dress properly  
Yeah, you need to direct them this way

Why not just cut up all your old clothes and make a  
quilt  
So I can wrap myself up when I'm feeling cold?  
Why not dash your ugly boots on the fire  
And burn them down to charcoal?

If you're not feeling the way that your bedrin is  
dressing  
Don't be stressing send them in my direction, please  
Black shoes, white socks, no, polka dots, no, flowery  
frocks, no  
Just boogie woogie woogie with me

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?

Fling on an Adidas hoodie  
And just boogie woogie with me  
Or you can just put on your dancing shoes  
And get loose, can you get loose, can you?
