Run away
Won't do you any good
Once you've gazed
You'd change it if you could
No sweet sensation can bring you 'round
No sweet, soft soul can save you anyhow

If looks are what you need she's got it
Looks can make you feel and this you'll never forget

Everywhere I turn I see that face again
I swear I turn to stone
Beware I'm not alone I swear
You'll turn to stone

She's a snake
Got a spitting tongue of fire
Make no mistakes
You'd better be afraid
How would you feel if you had to live forever
How would you feel if you could never live again

If looks are what you need she's got it
Looks can make you feel and this you'll never forget

Everywhere I turn I see that face again

I swear I turn to stone
Beware I'm not alone I swear
You'll turn to stone

Run away
Won't do you any good
She's a snake
I couldn't save you if I would

If looks are what you need she's got it
Looks can make you feel and this you'll never forget

Everywhere I turn I see that face again
I swear I turn to stone
Beware I'm not alone

Everywhere, everywhere I'm stoned
Everywhere I turn I see that face again
I swear I turn to stone
Beware I'm not alone I swear
I'm stoned
