Time is never easy
When you're alone o-o-one
Your mother, she always told you
To hold your own o-o-own

Cos this is real life oh no,
You can't fight it oh no,
Cos this is real life

On and on,
Through the night
And the Milky Way,
It's black and white and blue,
For you
Now and then
When you cry
It will always be
Black and white and blue
For you

Life inside your head
Has come undone o-o-oh
Your slow decent to manners
Has just begun o-o-oh

But this is real life oh no,
You can't fight it oh no,
Cos this is real life

On and on,
Through the night
And the Milky Way,
It's black and white and blue
For you
Now and then
When you cry
It will always be
Black and white and blue
For you

Waking from a strange dream
Spinning cos you've had too much

Last night
No communication
Wondering if you'll ever feel
Alright

But this is real life oh no,
You can't fight it oh no,
Cos this is real life

On and on,
Through the night
And the Milky Way,
It's black and white and blue
For you
Now and then
When you cry
It will always be
Black and white and blue
For you
